Medicaid Opioid Prescribing Rates by Geography Data Dictionary		
Term Name	**Variable Name**	**Definition**
Data Year	Year	Identifies the data year.
Geographic Level	Geo_Lvl	Identifies the level of geography that the data in the row has been aggregated. A value of "National" indicates the data in the row is aggregated across all states and the District of Columbia. A value of "State" indicates the data in the row is aggregated to the state of the beneficiary.
Geographic Code	Geo_Cd	For the state-level data, the state FIPS code that is associated with state of the beneficiary. Restrictions: States are restricted to the 50 U.S. States and the District of Columbia.
Geographic Description	Geo_Desc	Data aggregated at the National level are identified by "National". Data aggregated at the State level list the state associated with the beneficiary. The values include the 50 United States and the District of Columbia.
Plan Type	Plan_Type	Identifies the plan type of the data in the row. A value of "All" indicates the data in the row includes both Managed Care and Fee-for-Service claims. A value of "FFS" indicates the data in the row is for a Fee-for-Service claim. A value of "MC" indicates the data in the row is for a Managed Care claim.
Opioid Claims	Tot_Opioid_Clms	The number of opioid prescriptions include any opioid prescription for which Medicaid paid a portion of the claim, as well as those opioid prescriptions for which Medicaid paid the claim in full.
Overall Claims	Tot_Clms	The number of prescriptions include any prescription for which Medicaid paid a portion of the claim, as well as those prescriptions for which Medicaid paid the claim in full.
Opioid Prescribing Rate	Opioid_Prscrbng_Rate	The number of Opioid Claims divided by the Overall Claims and multiplied by 100.
Five Year Change in Opioid Prescribing Rate	Opioid_Prscrbng_Rate_5Y_Chg	The percentage point difference in the rate from five years previous to the data year, which is calculated by subtracting the rate five years previous from the rate in the data year. The change in the prescribing rate is displayed as an increase, decrease, or no change. An increase reflects a percentage point difference of at least 0.10 and a decrease reflects a difference of at least -0.10.
One Year Change in Opioid Prescribing Rate	Opioid_Prscrbng_Rate_1Y_Chg	The percentage point difference in the rate from one year previous to the data year, which is calculated by subtracting the rate one year previous from the rate in the data year. The change in the prescribing rate is displayed as an increase, decrease, or no change. An increase reflects a percentage point difference of at least 0.10 and a decrease reflects a difference of at least -0.10.
